GLOSSARY  COGAPS Glossary Table  FFOS Glossary Table	CONTEXT & EXCHANGE	TAXONOMY & STRUCTURE	PROCESS & BEHAVIOR	INTERACTION & COLLABORATION	INTERFACE	REQUIREMENT	SAFETY & SECURITY	TRACEABILITY & MAPPING
COMMON DOMAIN SCV		Common Structure  FFOS Safety Reference Definition						
OPERATIONAL DOMAIN SOV	Operational Context & Exchange  COGAPS Operational Table  FFOS Context Definition	Operational Structure  COGAPS Operational Table  FFOS Context Definition	Operational Process  COGAPS Operational Table  FFOS Context Definition	Operational Interaction  COGAPS Operational Table  FFOS Context Definition	Operational Interface Definition  COGAPS Operational Table  FFOS Context Definition	Stakeholder Requirement  COGAPS Operational Table  FFOS Context Definition		Traceability & Mapping  COGAPS Operational Table  FFOS Context Definition
FUNCTIONAL DOMAIN SFV	System Context & Exchange  COGAPS System Table  FFOS Context Definition	System Structure  COGAPS System Table  FFOS Context Definition	System Process  COGAPS System Table  FFOS Context Definition	System Interaction  COGAPS System Table  FFOS Context Definition	System Interface Definition  COGAPS System Table  FFOS Context Definition	System Requirement  COGAPS System Table  FFOS Context Definition	System Hazard  COGAPS System Table  FFOS Context Definition	Traceability & Mapping  COGAPS System Table  FFOS Context Definition
LOGICAL DOMAIN SLV	Logical Context & Exchange	Logical Structure  COGAPS Logical Table  FFOS Context Definition	Logical Behavior  COGAPS Logical Table  FFOS Context Definition	Logical Interaction & Internal Exchange  COGAPS Logical Table  FFOS Context Definition	Logical Interface Definition			Mapping  COGAPS Logical Table  FFOS Context Definition
PHYSICAL DOMAIN SPV	Physical Context & Exchange  COGAPS Physical Table  FFOS Context Definition	Physical Structure  COGAPS Physical Table  FFOS Context Definition	Physical Behavior  COGAPS Physical Table  FFOS Context Definition	Physical Interaction & Internal Exchange  COGAPS Physical Table  FFOS Context Definition	Physical Interface Definition  COGAPS Physical Table  FFOS Context Definition			Mapping  COGAPS Physical Table  FFOS Context Definition

Purpose

The Grid Definition Viewpoint serves as graphic representation of the Views present in a System Model.

Applicability

The Grid Definition Viewpoint supports the "System Viewpoints, Views and Models" input/output of various Technical Processes in SEHB5.

Presentation

A content diagram featuring a matrix view for the SAF Viewpoint conceptual model: Rows represent Domains, and columns represent Aspects, and the cells manage the Viewpoint Profiles.

Stakeholder

Concern

Profile Model Reference

The following Stereotypes / Model Elements are used in the Viewpoint:

- [SAF_Diagram](#)
- [SAF_SCV02b_View](#)
