

# SAF User Documentation : Operational Process Traceability Viewpoint

Domain	Aspect	Maturity
Operational	Mapping & Crossreference	 released

## Example

## Purpose

The Operational Process Traceability Viewpoint describes the relationships of Operational Processes. The reasoning for Operational Processes from Operational Stories and their contribution to Capabilities is described. The assignment of Operational Processes to Operational Performers is captured.

## Applicability

The Operational Process Traceability Viewpoint supports the "Business or Mission Analysis Process" activities of the INCOSE SYSTEMS ENGINEERING HANDBOOK 2015 [§ 4.1] and contributes to the definition of operational scenarios.

## Stakeholder

## Concern

- Show in a concise manner the relationships from operational process to operational story and to operational performer.

## Presentation

The relationships of Operational Process Activities to Operational Stories, and to Operational Performers are represented in a table.
