Purpose

The Common Evidence Pattern Viewpoint presents claims backed up by arguments that are supported by evidence, together with the possibility to counter such claims in a similar manner.

Applicability

The Common Evidence Pattern Viewpoint supports the ability to present an evidence pattern, a structure of claim(s), argument(s) and evidence, which is a common need in systems engineering. It applies equally to the establishment of traceability, definition of safety cases and even the presentation of business cases.

Stakeholder

Concern

- How is a evidence-based claim supported?
